

JAMIE CRAWFORD

Educator, South Campus

What inspired you to become an educator?

The excitement of learning something new and fun that I'm passionate about and teaching that to another person was very exciting to me.

What do you like most about instructing the next generation of cosmetologists?

I love to see the students grow! I believe we have the highest level of education available and so their future is limitless.

What is a typical day like in your position?

A typical day for me involves a lot of interaction between myself, students and guests. The students are very creative and we get to work together to make people beautiful.

What is your fondest memory thus far as an educator?

Watching my students evolve from the classroom, to taking guests and then working for the company. I've inspired many to be colorists for our salons and spas.

What advice do you like to share with new students and/or those preparing to graduate?

Always work hard, have fun and continue to set goals.
